London & SE	11 September	Imperial Hotel, Bloomsbury, London
Eastern	23 September	tba

Telecare Services Association (TSA) has the mission to 'realise the potential of Telecare'.

If your Organisation has a similar ambition then participating in a TSA Member Forum event during 2008 is a 'must'.

TSA Member Forum events are a key networking opportunity for those involved in Telecare to come together to discuss common themes and issues.

Telecare is a partnership based solution and therefore participation by health, housing, social care and voluntary sector colleagues is welcomed.

TSA Member Forums provide opportunity for interaction on a regional basis:

- Learning about the Telecare industry from a wide range of high profile speakers
- Discussing trends in the Telecare industry
- Debating how Government Policy may impact on the Telecare industry
- Sharing best practice
- Discussing operational issues and concerns
- Influencing the role of TSA

A mix of presentations, discussions, together with the opportunity for networking will be available at each event, supported by a varied range of high profile speakers covering the strategic to the operational perspective.

If you would like to learn more about the TSA Member Forum Programme please contact Marian Preece on 01606 872333.
