**We could do so much more.....are you the person to make it happen?**

The Borough Care community alarm system is the jewel in the crown of the Council's services. We help almost 6,000 older people live with pride and independence in their own homes, backed up by a 24 hour service and a mobile response team. And what's more it is free to everyone over 62, with a commitment to remain so. The Community Support service also provides the Council's out of hours emergency service, and monitors CCTV in Atherstone town centre, giving excellent value for money from the investment in equipment and people.

But we could do much more, and are determined to do so. We want to extend the benefits of Borough Care to **all** vulnerable people in our Borough and those who care for them. We want to work with our partners in the Primary Care Trust and the County Council to make Borough Care an integral part of the provision of intermediate care support to local people ..... and we want to offer the benefits of our excellent service to people in adjoining areas whose lives could be made richer by being able to enjoy the support we offer.

To succeed we need an exceptional person, who will have the knowledge, energy, commitment and partnership skills to turn the vision into reality. Are you the person we are looking for? If so, we want to hear from you.

North Warwickshire is an attractive rural area offering a good quality of life, with ready access to excellent facilities in the nearby cities and towns. But not everybody can enjoy that quality of life, because of isolation, disability, or the need for support: you can help us make a difference.

For an informal discussion please ring Andrew Wright on 01827 719278, or Simon Powell on 01827 719352.

The closing date for applications is **14 November 2003**

Interviews will be held on 21 November 2003.
